"Please Smile AND Look Pleasant."

When a woman says "I am racked with pain," the word "racked" recalls the days when they stretched the tender bodies of women on the rack with rope and pulley until the very joints cracked. Fancy an attendant saying to the tor-
mented woman, "Please smile and look pleasant."

And yet the woman "racked with pain," is expected to smile through her agony and to make home happy. She can't do it. It is against Nature. Generally speaking, the racking pains of ill-health such as headache, backache and "bearing-down pains" are related to derange-
ments or disorders of the organs dis-
tinctly feminine. When this condition is removed the general health is restored, and with health comes back the smile of
happiness.

Any woman may regain her health at home without offensive questionings or examinations by the use of Dr. Pierce's Favorite Prescription. Sick women may consult Dr. Pierce, by letter, free of charge. Such letters are treated as
sacredly confidential.

It affords me pleasure to relate the wonderful merits of your great medicine, especially your "Favorite Prescription," writes Mr. J. W. Smith, of Woodbury, N. Jersey, L. Box 202. "My wife has been using it for some time past, having suffered severely with bearing-down pains, acting in back, and many other complaints peculiar to women. She was very weak, could not do any kind of work now. She is again to become a mother but we do not fear the result as heretofore, all due to your wonder-worker, 'Favorite Prescription.'"

Your "Favorite Prescription" are also worth many times their price. I have used them for biliousness and stomach trouble, and have found them to be all that you claim. They are my constant companions—once used, always kept.

Given away. The People's Common Sense Medical Ad-
viser is sent free on receipt of stamp to pay expense of mailing. The book contains 100 pages, over 700 illustrations and several colored plates. Send 21 one-cent stamps for the paper-bound book, or 14 stamps for the cloth-bound. Address, Dr. R. V. Pierce, Buffalo, N. Y.

KERBY
Plenty of dust, no rain.
Work is still progressing at the
Monumental mine.

W. J. Smith, of Selma, made a business trip to our town Thursday.
Frank Hogue is quite sick this week. We hope to see him up again soon.

Mr. Burke, of the firm of Hogue & Burke, is making regular trips to Selma of late. Why?
Jack Falk, of the Briggs strike, made a business trip to Medford last of the week.

Geo. Mower, a prominent citizen of Kerby, is building a fine two story residence on Main street.

Harry Carter, son of W. H. Carter of this place, left for Seattle, where he will attend school this winter.

Miss Lucie George left Wednesday for Grants Pass, where she has a position as teacher in the public schools of that place.

C. C. Phillips, of Takilma, and J. H. Keal, of Ashland, are on a prospecting trip to Preston Peak. They are looking after their copper inter-
ests there.

Mrs. Anna Adams, of Waldo, met with a serious accident Wednesday. She was thrown from her horse and her head was badly cut and both arms badly sprained. Dr. Brown was called to attend her.

A rich strike of copper ore has lately been made at the Queen of Bronze at Takilma. The ore is of the highest grade that has ever been discovered in this section. The smelter will not be closed down until the rains set in.

Prof. C. Payne, T. J. Gilham and Cliff Hicks, of Ashland, returned home the first of the week from a prospecting trip on the head of Chilo. They brought in some fine samples of copper ore. Hicks and Gilham intend returning soon to open up their lodge.

Wm. Hogue, the livery stable man, returned last week from Crescent City, where he went after a nine H. P. gasoline engine for pumping water. He intends pumping water from the Illinois river to irrigate his 30 acre tract of land just below town. Some of the land he will put into orchard and the rest into alfalfa.

Della Brown has "gone to attend the fair." Tip.
Are You Engaged?
Engaged people should remember, that after marriage, many quarrels can be avoided, by keeping their diges-
tions in good condition with Electric Bitters. S. A. Brown, of Bennettsville, S. C., says: "For years my wife suffered intensely from dyspepsia complicated with a torpid liver until she lost her strength and vigor and became a mere wreck of her former self. Then she tried Electric Bitters which helped her at once and finally made her entirely well. She is now strong and healthy." All drug-
gists sell and guarantee them at 50c a bottle.

Get Off Cheap.
He may well think he has got off cheap who after having contracted constipation or indigestion is still able to perfectly restore his health. Nothing will do this but Dr. King's New Life Pills. A quick pleasant and certain cure for headache, con-
stipation, etc. 50c at all drug stores; guaranteed.

JACKSONVILLE, ONE OF OREGON'S OLD TOWNS

Pictured by One Who Visited
There As a Delightful Place
in Which to Live.

Mr. Editor—Jacksonville is one of the older towns of Oregon and the county seat for Jackson county, also the site of the first mining camp in Oregon, gold having been discovered there by Pool and Clingage, two Yreka packers, December, 1851.

It was our good fortune to visit this fine old town a short time since by invitation of kind friends and memory of all that came to us through their delightful hospitality will mark a bright spot in our lives.

Our host and hostess were of its substantial citizens and in their pleasant, well ordered home we were truly entertained, leaving them seem-
ed like parting from long time friends.

The townsite is admirable, having a diversified, rolling surface, so de-
sirable for a residence town. There is open to view a broad valley covered with farms rich in fields of grain, orchards loaded with luscious fruit, with fine herds of cattle grazing here and there, while from a slight eminence a little back of the town the picture is enlarged to an expanse of 10 to 20 miles wide, reaching across Rogue River Valley at great distance to the foot hills. To the east and south is presented in grand outline the Cascade and Siskiyou mountains, 50 to 75 miles away. This gives a wonderful perspective to a picture of striking beauty and great proportions.

Striking the art that could truly por-
tray it. The town itself is pleasing, a place of beautiful homes, fine shade trees and well kept lawns, adorned with nature's matchless beauties, flowers, giving evidence of culture and the taste.

The private grounds about the home of Mr. Britt, three acres in extent, is really a botanical garden for it contains a collection of semi-tropical trees and plants rarely seen in this latitude, together with a collection of plants, shrubs and trees native to the United States. It is justly famed throughout Oregon.

There are many other estates here, among them the home of Mr. Numan, a large brick structure of beautiful design with ample grounds. Judge Hanna, one of Oregon's able and highly honored jurists, has a home here to be noted and admired.

Jacksonville has a postoffice in which it may have a just pride—none better can be found in Oregon. The place is neatness itself, a nice ar-
rangement of boxes, floors kept scrupulously clean and varnished, with a fine display of plants and flowers. All this united to an excellent service has great merit. We hope Uncle Sam appreciates it as we do.

It is said the cemetery gives a true index of the town. Where we find a common resting place for its dead, irrespective of creed or religion, it argues much for a spirit of tolerance and neighborly accord among the living. The converse is equally true. The little unkempt enclosures too often found here and there near towns, expressive of creed, sect or religion of the once living, show a tendency to discord and strife, everywhere and always a restraint to moral or material growth. At Jacksonville we found a beautiful and well kept cemetery on a fine site near the town, commanding a view of the great valley beyond; the enclosures neatly fenced and of ample proportions with carefully kept roads and walks all about. Very beautiful shade trees and flowers there were on every hand. Its dead rest here in a common en-
courage awaiting the great summons. Nothing was there suggestive of un-
rest, but rather the sweet enfolding of children in the mother's arms. Leaving this beautiful place—place of united repose and sweet bird songs, we said, God grant this gives a true type of a grand day when all burdens shall be removed, the storms spent and the clouds rolled away with the Eternal Light shining in all minds and the Eternal Love giving rest and gladness to every heart.

We found in the life of this little town as it was presented to us, much that was charming. There was a fine countenancing of all, both old and young; such an absence of the sham and pretense that mars all life as to be observed and commented. Many people of culture and refinement are to be found in this little town, who prefer its quiet and the grand order-
ing of nature all about to the exacting life of the city.

One thing should be seen by all visitors, the Helm collection of curios. It contains in great number and variety, specimens from the mineral, animal and vegetable king-
dom, with many freaks among them, also Indian relics, weapons of war, etc., used in the fierce Indian wars of Oregon. An interesting feature is the skull of a prehistoric ox exhumed

from a third to one-half larger than that of the ox of the present time. This exhibit is now valued at many thousands of dollars. The Smithsonian Institute has made overtures for it but it is not for sale.

Many fine drives are about the town and suburbs. A good livery is kept with service for day or night.

We found Jacksonville a town of marked beauty and fine climatic con-
ditions, quite exempt from fogs, mak-
ing it the ideal place for the health seeker and the lover of nature. Verily Southern Oregon is the "Italy of America," the land of fair skies, health-giving climate, fruits and flowers, well shown in this fine old town. We hope to see it and the good people there again.

Cured of Lame Back After 15 Years of Suffering.
"I had been troubled with lame back for 15 years and I found a com-
plete recovery in the use of Chamberlain's Pain Balm," says John G. Bisher, Gilman, Ind. This liniment is also without an equal for sprains and bruises. It is for sale by all druggists.

HOLLAND
Henry Whipple has started a cross-cut tunnel on the Angelica claim, which he located last year.

The hills are full of prospects of doing development work and some good showings have been made.

Oscar Bear is driving a 100-foot crosscut tunnel on a group of claims owned by himself and Mr. Wick-
sham, of the Granite Hill mine.

There has been a new placer ex-
citement on the head of Sucker creek and the whole creek above Benson's hydraulic mine has been located.

Mr. Sage has completed his assess-
ment work on the Grizzly Cub and 21 claims, and he and his family have returned to their home in Seattle.

W. P. Dobson has a crosscut in 80 feet on the Tolacoo group and expects to strike the vein in the next 20 feet, when he will run drifts each way on the vein.

Work on the crosscut at the Briggs mine is going steadily ahead with two shifts, and is now in 150 feet. Mort Gates, the packer, is taking in a car and truck for the mine.

Beautiful Women.
Plump cheeks, flushed with the soft glow of health and a pure complexion, make all women beautiful. Take a small dose of Herbine after each meal, it will prevent constipation and help digest what you have eaten. 50c. Mrs. Wm. M. Strand, Midlothian, Texas, writes, May 31, 1901: "We have used Herbine in our family for eight years, and found it the best medicine we ever used for constipation, bilious fever and malaria." For sale by Rotermund and Model Drug Store.

STRANGE ADVICE!

Dr. G. G. Green gives alert personal attention to his great humanitarian contract.

In our Almanac for many years past we have given unusual advice to those afflicted with coughs, colds, throat or lung troubles or consumption. We have told them if they did not receive any special benefit after the use of one 75-cent size bottle of German Syrup, to consult their doctor. We did not ask them or urge them to use a large number of bottles, as is the case in the advertising of many other remedies. Our confidence in German Syrup makes it possible for us to give such advice. We know by the ex-
perience of over 35 years that one 75-cent bottle of German Syrup will speedily re-
lieve or cure the worst coughs, colds, bronchial or lung troubles—and that, even in bad cases of consumption, one large bottle of German Syrup will work wonders. New trial bottles, 25c; reg-
ular size, 75c. At all druggists.

Like Finding Money.
Finding health is like finding money—so think those who are sick. When you have a cough, cold, sore throat, or chest irritation, better not promptly like W. C. Barber of Sand Level, Va. He says: "I had a ter-
rible chest trouble, caused by smoke and coal dust on my lungs; but after finding no relief in other remedies, was cured by Dr. King's New Dis-
covery for Consumption, Coughs and Colds." Greatest sale of any cough or lung medicine in the world. At all druggists; 50c and \$1.00; guaran-

PORTLAND CAPITALISTS NEGLECT GOOD FIELD

Southern Oregon Paying Mines
All Owned by Outside
Parties.

The Oregonian has several times of late called attention to the manner in which Portland moneyed men neglect the opportunities for profit-
able investments in Southern Oregon that are being so rapidly taken up, they being content to leave their money in banks to receive but three to four per cent interest. There is capital invested in Southern Oregon mines from nearly every money center in the United States, except Port-
land. There is not a working mine in all Southern Oregon that has a dol-
lar of Portland capital invested in it, the nearest that Portland is doing in this district is a few men of that city are developing some claims in a small way and working at some small placers. The big mines are all owned by either Washington, Califor-
nia or Eastern capitalists, and most of the big development work now going on here is being done by other than Oregon men.

Of this neglect of one of the most promising fields for investments on the Pacific Coast by Portland capi-
talists the Oregonian gave the follow-
ing editorial comment which is true as to the facts but incorrect as to the location of the mine and place of business of the brokers, for the Opp mine is one mile from Jacksonville and the parties who negotiated the sale are Grants Pass and not Seattle residents:

"The Opp mine, located one mile from Grants Pass, has been sold by a firm of Seattle brokers to Eastern parties for \$150,000. The mine was purchased from the discoverer by Spokane parties and has proved one of the most promising strikes in Southern Oregon. Spokane, Seattle, Denver and other outside capital seems quick to recognize the merit of the mines in Southern Oregon, but a Portlander in that rich field for ex-
ploitation is a rare bird."

A Cold Settled in His Kidneys.
A. J. Jennesse, 9301 Butler St., Chicago, writes: "I am a switchman and am out in all kinds of weather. I took a cold which settled in my kidneys and I was in bad shape. I tried several advertised remedies with no benefit, until I was recommended to try Foley's Kidney Cure. Two thirds of a bottle cured me." For sale by H. A. Rotermund.

THREE JURORS CURED
Of Cholera Morbus With One Small Bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy.

Mr. G. W. Fowler of Hightower, Ala., relates an experience he had while serving on a petit jury in a murder case at Edwardsville, county seat of Cleburne county, Alabama. He says: "While there I ate some fresh meat and some some meat and it gave me cholera morbus in a very severe form. I was never more sick in my life and sent to the drug store for a certain cholera mixture but the druggist sent me a bottle of Chamberlain's Colic Cholera and Diarrhoea Remedy instead saying that he had what I sent for but that this medicine was so much better he would rather send it to me in the first I was in. I took one dose of it and was better in five minutes. The second dose cured me entirely. Two fellow jurors were afflicted in the same manner and one 25 cent bottle cured the three of us." For sale by all druggists.

Given Up to Die.
B. Spiegel, 1304 N. Virginia St., Evansville, Ind., writes: "For over five years I was troubled with kidney and bladder affections which caused me much pain and worry. I lost flesh and was all run down, and a year ago had to abandon work en-
tirely. I had three of the best physi-
cians who did me no good and I was practically given up to die. Foley's Kidney Cure was recommended and the first bottle gave me great relief, and after taking the second bottle I was entirely cured." For sale by H. A. Rotermund.
